I, Tim Narel

Director of Engineering & Quality Assurance

(company title, e.g. vice president, plant manager, chief engineer) (must be in a position of authority)

of Milwaukee Valve Co. Also DBA Hammond Valve

(name of manufacturer)

located at 16550 West Stratton Drive, New Berlin, WI 53151, USA

(plant address)

do solemnly declare that the fittings listed hereunder, which are subject to the Safety Codes Act (check one)

comply with the requirements of (See Summary of Products List) which specifies the dimensions, (title of recognized North American Standard)

materials of construction, pressure/temperature ratings and identification marking of the fittings, or

are not covered by the provisions of a recognized North American standard and are therefore manufactured to comply with _____ as supported by the attached data which identifies the dimensions, materials of construction, pressure/temperature ratings and the basis for such ratings, and the marking of the fittings for identification.

I further declare that the manufacture of these fittings is controlled by a quality control program which has been verified by the following authority, LRQA as being suitable for the manufacture of these fittings to the stated standard. The fittings covered by this declaration, for which I seek registration, are all line valves.

In support of this application, the following information, calculations and/or test data are attached:

etc.

Summary of Products from Milwaukee Valve Company Submitted for CRN in Binder 2 of 2

Table below summarizes Milwaukee Valve Company products being submitted for Canadian Registration Numbers to TSSA.

Products are grouped together by valve type.

Hammond Valve is a brand name under the Milwaukee Valve Company corporate umbrella, and we have distinct Hammond

Figure numbers for product which is identical to the Milwaukee Valve Company offering. Where Milwaukee Figure numbers are

given with corresponding Hammond Figure numbers, the body and other key structural components are identical, the product

generally varies only in handle and/or nameplate. Specific product information, e.g. ASTM specifications for material,

pressure-temperature ratings, etc., are given in the individual product bulletins/catalog sheets/data sheets presented in the

attached binder. To assist in cross referencing the Hammond products, we enclose a Hammond Condensed catalog.
