PHONE 262-432-2800, FAX 262-432-2801

September 5, 2017

To: All Milwaukee Valve Distributors;

As a result of material cost associated with the production of our products along with other inflationary pressures a price increase is required at this time.

Effective October 2, 2017, pricing will increase by 5% on all products with the exception of Carbon and Stainless ball valves and Actuation. New list pricing can be determined by dividing our current list price on affected products by .95. An increase of 5% will also be applied to all special net pricing for items being increased.

New price sheets are currently being prepared and will be available on our website, www.milwaukeevalve.com by September 22, 2017. A "Flat List" in Excel format with UPC codes will also be posted by September 15, 2017.

Any order placed for immediate release prior to October 1, 2017 will be filled at current pricing. Orders specifying release dates beyond October 1st will be filled at the price in effect at time of shipment. Milwaukee Valve reserves the right to limit order quantities that exceed your historical requirements. If any price change on orders placed is deemed necessary you will be notified prior to any adjustment and order entry.

All other terms and conditions of sale remain unchanged.

I thank you for your continued interest and support of our products and look forward to the continuation of servicing our mutual customers with the best valve products available.

Very truly yours,
MILWAUKEE VALVE COMPANY

Thomas J. LaGuardia
Vice President Sales & Marketing

INNOVATION IN EVERY VALVE
